

Depositor's Check Form

This is a fillable PDF file. You can type information directly into this file.

Dear Depositor,

Thank you for depositing your sample at NCMR. As a part of our routine work, we ask you to check the sample stored at NCMR against the sample you have preserved in your laboratory. This comparison will help us to ensure that the biological material preserved at NCMR is identical with the sample you have used in your laboratory. Please choose the appropriate option given below.

The sample deposited by us at NCMR, Pune with the following PRN:

Accession number: _____ has been received for checking.

We have compared the sample received from NCMR with our original isolate/data and find:

- that the strain preserved at NCMR is **identical** with the sample stored in our laboratory.
- that the strain preserved at NCMR is **not identical** with the sample we originally deposited.

(Please tick appropriate options)
