General Guidelines for Sending the Cultures for Phenotypic Characterisation using BIOLOG ECO PLATE:

- 1. It is highly recommended to use freshly collected environmental sample for BIOLOG ECO PLATE analysis.** You are requested to contact service coordinator before you collect and send the samples.
- 1. Please send minimum 20 ml of water sample and 10 to 15 gm of soil sample/ sediment sample for CLPP analysis by ECO plate.** You are requested to contact service coordinator before you collect and send the samples.
2. Seal the sample vial/ container with laboratory paraffin film or other appropriate material and pack them appropriately to prevent any damage during transportation. It is important for biosafety reasons. Please note that we do not accept damaged consignment. You are requested to ensure thorough packaging of cultures. It is important that you use a shipper that provides tracking facility and is known for timely deliveries.
3. We accept cultures/ Samples which can be handled under BSL-1 and BSL-2 facility only. You are requested to visit ABSA, WHO and LPSN web-site for more details.
4. Cultures from private addresses will not be accepted. It is requested to send the cultures through proper channel and must be signed by the department head or advisor.
5. If you have submitted same culture(s) for other services offered at NCMR, please note that separate communication will be maintained by respective section in-charge under separate Processing Reference Number (PRN).
6. Please enclose a printed filled-in copy of this form along with your samples and Demand Draft for appropriate fees including any service tax. See 'Fee Structure' details on NCMR website.
7. For post-receipt sample status, please contact assigned section in-charge and include the Processing Reference Number (PRN) of the culture(s) as mentioned in the acknowledgment email sent by Service coordinator, NCMR. Communication related to PRN (status or sending results) will be done only with email provided in the form.
8. ***If you have opted for authorising NCMR to accession the culture and deposit it in 'General Deposit'; You may need to fill the separately available 'General Deposit' form. However, section in-Charge (mentioned in the acknowledgement email) will contact you through email for required information and further guidelines.**

Please visit NCMR website for more details on other deposit services, such as General', 'Safe' and 'Patent' (under IDA) and identification services such as DNA Sequencing, FAME, DDH and more!
